

EAST CORINTH

Letter from Will King, Who Is Sailor on U. S. S. Destroyer Palmer.

The following letter from Portland, Ore., written by Will King, a seaman on board the U. S. S. destroyer Palmer, will be of interest to friends here. It was written Sept. 6 and reads thus:

"I am having a fine time. Received the cookies and they taste fine. We left San Francisco the 3d and arrived here the 5th at 2 p. m. We came up the Columbia river from Astoria; have not been on shore yet, but am going to-night. Will get my picture taken to-night. I had a fine time in San Francisco, though we were only there one night. We are going back there about the 18th, then I shall go up to see Uncle Ernest. It is 30 miles from Frisco and I did not have time before. We are going back to San Pedro. That is my base. We leave here the 10th for Seattle, Wash., for the presidential review. I expect. We are going to stop at British Columbia. Will be glad when I get back to Frisco.

"The navy is not a bad place, but I do not advise anyone to join it just to see the world. I think when I get back I will have seen enough of the world. I like southern California the best. It rains all the time here in Portland.

"There are only six destroyers and the scout cruiser Birmingham up here, so we have the whole town to ourselves.

"How is everyone at home? I am going to write to all the folks at home. Tell the boys to write to me.

"The old crew is to be paid off here. When we get back to San Francisco we go back to San Pedro to get the boiler fixed that we blew up in New York. The armament on here is four four-inch guns, two anti-aircraft guns and 12 21-inch torpedo tubes."

The history as given to Mr. Barnes is as follows: During one of the last drives of the great world war an American officer came upon a dead German officer whose blood was then flowing

I AM GLAD TO ENDORSE PE-RU-NA

Glad to Try Anything
"Three years ago my system was in a terribly run down condition and I was broken out all over my body. I began to be worried about my condition and I was glad to try anything which would relieve me. Peruna was recommended to me as a fine blood remedy and tonic, and I soon found that it was worthy of praise. A few bottles changed my condition materially and in a short time I was all over my trouble. I owe my restoration to health and strength to Peruna. I am glad to endorse it."

from a mortal wound made by a bullet which had penetrated his pocketbook and passed through his body and among the things taken from the pocketbook was this mark which was thoroughly saturated with the dead German's blood, and which is plainly visible on the mark at this time. The officer who secured the mark from the dead German's pocketbook gave it personally to Mr. Mack, who in turn gave it to Mr. Barnes and advised him that before the war a German mark was worth twenty cents in American money, while to-day it is worth only seven cents.
